

PhD PLAN OF STUDY 54 UNITS & C GRADE WAIVER FORM

INSTRUCTIONS TO STUDENT:

The 54 Unit and C Grade Policies are listed below. If your PhD advisor agrees to the 45 total course unit exemption on your Doctoral Plan of Study, or agrees to a C graded course on your Master's/Doctoral Plan of Study, you must obtain your advisor's signature below and submit this form to the Academic Office.

Graduate Credits Required:

The number of units of graduate credit required for the PhD is not specified explicitly; the requirement is for the equivalent of six semesters of full-time study. A minimum of 18 units of dissertation and 54 units of coursework is generally required. However, with the approval of the student's faculty advisor, this number may be reduced to as low as 45 units of coursework. Plans of Study with fewer than 54 units must be approved by the student's faculty advisor on this form.

C Grading Exception:

With the approval of the PhD advisor, a student may list a course grade of C on the Plan of Study toward degree completion. However, the student and the faculty advisor should carefully consider the value of retaking a course in the event of a C grade. Students achieving less than a 3.0 GPA will be placed on probation by the Graduate College.
