WOMEN IN STEM MENTORSHIP PROGRAM

The Women in Science and Engineering (WISE) Mentorship program pairs University of Arizona students pursuing STEM degrees with volunteer mentors engaged in STEM careers. Pairs meet monthly and are provided with discussion topics and check-ins throughout the process to ensure positive and impactful relationships. Our goal is to cultivate relationships that increase confidence, build resilience, and foster a sense of community among women and gender marginalized populations in STEM. Mentor training provided.

Mentee Commitments

Attend three mentorship program events on
October 15th, January 21st
April 15th

Meet monthly with mentee for approximately 1 hour (remote or in-person).
