Do you want to help support women in STEM?

The Women in Science and Engineering (WISE) Mentorship program pairs woman identifying University of Arizona students pursuing STEM degrees with volunteer mentors engaged in STEM careers. Pairs meet monthly and are provided with discussion topics and check-ins throughout the process to ensure positive and impactful relationships. Our goal is to cultivate relationships that increase confidence, build resilience, and foster a sense of community among women and gender marginalized populations in STEM. Mentor training provided.

**Mentor Commitments**

- Attend three mentorship program events on September 25th (virtual), January 22nd (virtual), & April 23rd (in person). Childcare will be provided for the in person event.

- Meet monthly with mentee for approximately 1 hour (remote or in-person).

**Applications accepted until FRIDAY SEPTEMBER 10TH, 2021**
