The screenshot shows the UITS (University Information Technology Services) website. At the top left is the UITS logo, which consists of a blue square with white stylized figures and the text 'UITS UNIVERSITY INFORMATION TECHNOLOGY SERVICES' in red and blue. To the right of the logo is a photograph of a university building. Below the logo and photo is a navigation bar with links for 'IT Support', 'UITS Staff', and 'Contact UITS'. A search bar is located on the right side of the navigation bar. The main content area is titled 'UAccess Student' and includes an 'Overview' section. The overview text states: 'UAccess Student is a 'self-service' portal for students which is password-protected and allows students to access personal information and transact university business via the Web. A UA NetID and password are required for login. UAccess Student enables students to view and make changes to their academic and personal information as well as enroll for classes, grant guest access to a parent, obtain payment/refunds and check on financial aid status.' Below this text is a list of expandable sections: 'Available To', 'Costs', 'UAccess Services & Features', 'How to Access', and 'Training Videos for Students'. The 'Training Videos for Students' section is expanded, showing a red-bordered box containing a bullet point: 'Practice Area - users can simulate being in Student Center and navigating the various functions, components, and information'. The 'UAccess Student' logo is also visible in the top right of the main content area.
