Polarized Light and Polarimetry, OPTI 586, Fall 2020

Pre-requisites: OPTI 502, students are encouraged to concurrently enrolled in OPTI 586L

Learning Outcomes:
- Compute polarization effects when light propagates through optical systems and interpret the resulting aberrations.
- Explain the operation of polarization elements, e.g. polarizers and retarders.
- Describe common sources of polarimetric aberrations and mitigation strategies.
- Given an optical design assess the system’s polarization aberrations and report the sources and physical phenomena which create these aberrations.

Instructor: Meredith Kupinski, Research Professor
Wyant College of Optical Sciences, The University of Arizona
1630 East University Boulevard, Meinel Building Room 645 Tucson, AZ 85721
Phone: 520-626-3985 meredith@optics.arizona.edu

Class Hours: Monday & Wednesday 9:30-10:45 am in Meinel 305
Office Hour: Wednesday 11:00 -12:00 am Meinel 645

Teaching Assistant: Quinn Jarecki, qjarecki@email.arizona.edu
TA Office Hours: Monday 1:00 – 2:00 pm Meinel 7th Floor Open Area
TA Recitation: Friday 9:30 – 10:30 am Meinel 747

D2L Web Site: is set up for posting problem sets and solutions, and submitting homework. Homework is assigned about once per week on a Monday and due the following Monday at 11:59 PM-MST. Homework is submitted through D2L. In order to publish solutions within a week of the due date, the late policy is as follows:
  - Within 24 hours of due date: -10%
  - Within 1 week of due date: -20%
  - More than 1 week late: -50%

i.e. the maximum score attainable for submissions more than one week late is 50%. All students will receive a one-time late submission grace period of one week without any grade reduction. On time homework will be graded and returned within a week of submission, late assignments will be graded within 2 weeks of submission.

Please put the problem number and your name on every page to facilitate grading. Only D2L homework submissions will be accepted.
Polarized Light and Polarimetry, OPTI 586, Fall 2020

Required Textbook: Polarized Light and Optical Systems, 1st Edition, Russell A. Chipman, Wai Sze Tiffany Lam, Garam Young
Available at the UA bookstore ISBN 9781498700566

Required Software: Mathematica 12 and Polaris-M
Mathematica is not available at the UA bookstore. A student version is online from Wolfram Research: https://store.wolfram.com/view/app/mathematica/student
Polaris-M is polarization analysis software originally developed at the Wyant College of Optical Sciences and licensed to Airy Optics http://www.airyoptics.com. Polaris-M requires Mathematica. A one-semester license will be provided free of charge to 586 students enrolled for credit.

To obtain a copy of Polaris-M, first install Mathematica 12 and execute the command:
$MachineID
Mathematica will return a code e.g.: 6202-26086-65236
Email this code to engineeringsupport@airyoptics.com
Airy Optics will email you a copy of Polaris-M to run on your machine under your copy of Mathematica. Email any support or Polaris-M questions to this email address. Airy Optics will also provide Polaris-M training separate from 484/584.

Grading:
Due on 11:59 PM-MST of dates listed below
- 11 Homework Assignments 70%
  Mondays:
  Aug 24, 31
  Sept 8 (Labor Day delay) 14, 21
  Oct 19, 26
  Nov 2, 9, 16, 23

- Midterm project 10%
  1. Blind peer submission Monday Sept 28
  2. Peer feedback Monday Oct 5
  3. Final submission Monday Oct 12

- Presentations in class 20%
  Dec 2, 7, & 9
Polarized Light and Polarimetry, OPTI 586, Fall 2020

Course Outline:

Chapter 9
- **Polarization Ray Trace Calculus.** Polarization Ray Tracing Matrix.

Chapter 10

Chapter 11

Chapter 12
- **Fresnel Aberrations.** Fold Mirrors. Telescopes.

Chapter 13
- **Thin Films.** Single and Multilayer. Phase Discontinuities.

Chapter 16

Requests for incomplete (I) or withdrawal (W) must be made in accordance with University policies, which are available at [http://catalog.arizona.edu/policy/grades-and-grading-system#incomplete](http://catalog.arizona.edu/policy/grades-and-grading-system#incomplete) and [http://catalog.arizona.edu/policy/grades-and-grading-system#Withdrawal](http://catalog.arizona.edu/policy/grades-and-grading-system#Withdrawal) respectively.

Absence and Class Participation Policy
The UA’s policies concerning Class Attendance, Participation, and Administrative Drops is available at: [http://catalog.arizona.edu/policy/class-attendance-participation-and-administrative-drop](http://catalog.arizona.edu/policy/class-attendance-participation-and-administrative-drop)

The UA policy regarding absences for any sincerely held religious belief, observance or practice will be accommodated where reasonable, [http://policy.arizona.edu/human-resources/religious-accommodation-policy](http://policy.arizona.edu/human-resources/religious-accommodation-policy).

Absences pre-approved by the UA Dean of Students (or Dean Designee) will be honored. See: [https://deanofstudents.arizona.edu/absences](https://deanofstudents.arizona.edu/absences)

Participating in the course and attending lectures and other course events are vital to the learning process. As such, attendance is required at all lectures and discussion section meetings. Absences may affect a student’s final course grade. If you anticipate being absent, are unexpectedly absent, or are unable to participate in class online activities, please contact me as soon as possible. To request a disability-related accommodation to this attendance policy, please contact the Disability Resource Center at (520) 621-3268 or drc-info@email.arizona.edu. If you are experiencing unexpected barriers to your success in your courses, the Dean of Students Office is a central support resource for all students and may be helpful. The Dean of Students Office is located in the Robert L. Nugent Building, room 100, or call 520-621-7057.

Academic Integrity
Polarized Light and Polarimetry, OPTI 586, Fall 2020

Students are encouraged to share intellectual views and discuss freely the principles and applications of course materials. However, graded work/exercises must be the product of independent effort unless otherwise instructed. Students are expected to adhere to the UA Code of Academic Integrity as described in the UA General Catalog: [http://deanofstudents.arizona.edu/codeofacademicintegrity](http://deanofstudents.arizona.edu/codeofacademicintegrity) [http://deanofstudents.arizona.edu/academic-integrity/students/academic-integrity](http://deanofstudents.arizona.edu/academic-integrity/students/academic-integrity). The UA Libraries have some excellent tips for avoiding plagiarism, available at: [http://new.library.arizona.edu/research/citing/plagiarism](http://new.library.arizona.edu/research/citing/plagiarism). Selling class notes and/or other course materials to other students or to a third party for resale is not permitted without the instructor’s express written consent. Violations to this and other course rules are subject to the Code of Academic Integrity and may result in course sanctions. Additionally, students who use D2L or UA e-mail to sell or buy these copyrighted materials are subject to Code of Conduct Violations for misuse of student e-mail addresses. This conduct may also constitute copyright infringement.

Students with a Learning Disability
If a student is registered with the Disability Resource Center, he/she must submit appropriate documentation to the instructor if he/she is requesting reasonable accommodations. ([http://drc.arizona.edu/instructor/syllabus-statement.shtml](http://drc.arizona.edu/instructor/syllabus-statement.shtml)).

Nondiscrimination and Anti-harassment Policy
Our classroom is a place where everyone is encouraged to express well-formed opinions and their reasons for those opinions. We also want to create a tolerant and open environment where such opinions can be expressed without resorting to bullying or discrimination of others. The UA is committed to creating and maintaining an environment free of discrimination; see [http://policy.arizona.edu/human-resources/nondiscrimination-and-anti-harassment-policy](http://policy.arizona.edu/human-resources/nondiscrimination-and-anti-harassment-policy)

Classroom Behavior Policy
To foster a positive learning environment, students and instructors have a shared responsibility. We want a safe, welcoming, and inclusive environment where all of us feel comfortable with each other and where we can challenge ourselves to succeed. To that end, our focus is on the tasks at hand and not on extraneous activities (e.g., texting, chatting, reading a newspaper, making phone calls, web surfing, etc.).

Threatening Behavior Policy
The UA Threatening Behavior by Students Policy prohibits threats of physical harm to any member of the University community, including to oneself. See [http://policy.arizona.edu/education-and-student-affairs/threatening-behavior-students](http://policy.arizona.edu/education-and-student-affairs/threatening-behavior-students).

Subject to Change Statement
Information contained in the course syllabus, other than the grade and absence policy, may be subject to change with advance notice, as deemed appropriate by the instructor.
